United Way Receives Grant

Southeast Missouri – Join United Way of Southeast Missouri at the most thrilling fundraiser in the area on May 20, 2022, at Southeast Missouri State University's Towers South. Brave event participants, called Edgers, are raising funds and rappelling 147-feet to support United Way's network of 28 funded partners.

Grab a chair and cheer on your favorite Edger, mascot, or local celebrity at this free event as they face their fears to help United Way raise funds that support programs in education, health, and financial security.

Edgers will rappel from approximately 11:00 A.M. to 3:00 P.M., beginning with area mascots. Donations for United Way's Over The Edge event can be made at www.give.overtheedge.events/ote-uwsemo2020.
