

We Challenge You to Hack the Pack!

Escape from Poverty

We had the opportunity to work closely with the Leadership Cape "Team Escape" to create an immersive awareness and teambuilding experience called "Escape from Poverty Packs," and they hit it out of the "pack!" Designed as a portable escape room, intriguing puzzles and challenging games in our Escape from Poverty Pack will give local businesses, schools,

churches, and other groups a better understanding of the causes of poverty and the many organizations funded by UWSEMO working to address it. Every \$150 raised allows us to build and bring a pack to your event or workplace. Each pack is designed for up to 10 participants and should take about 30 minutes with discussion. How much do you know about poverty? Can YOU hack the pack?

Project Hope is an annual resources event that brings together many organizations in our area, including funded partners in the UWSEMO network, such as First Call For Help, United We Work, The Salvation Army, Oral Health Coalition, Community Partnership, and others.

Some services that will be available include access to birth certificates, driver's licenses, dental care, medical services, groceries, hygiene kits, haircuts, informational & support booths, and so much more. Project Hope provides a free lunch and Kids Zone of free childcare and kid-friendly activities during the event. Normally, this event is held the First Friday of October and does not conflict with our golf tournament. This year the date and venue have changed; it will be at the Shawnee Park Center, rather than the Osage.
