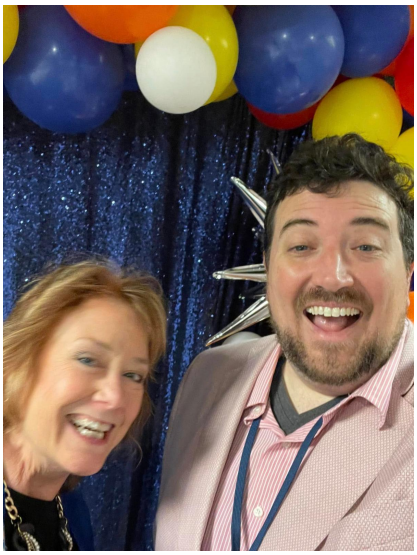
Sharing Local Solutions to National Challenges



Matt and Elizabeth were honored to be invited to speak at the Great Rivers United Way Conference held in Madison, Wisconsin, this month. Our peers were eager to learn about our "backmapping" approach to identifying problems and creating solutions for our community as we shared the success of United We Work and our progress with United for Childcare.

Would YOUR Team Like to Lunch & Learn?

Mondi believes it is important for their employees to know about resources in our community and in our network. We and some of our partners were delighted to visit eight different shifts to share stories and answer questions with our second largest workplace.

If you want us to visit your team, let's **schedule a Lunch & Learn now!**
